

Your prescription history

Your prescription history includes up to 36 months of all prescriptions that are processed through your pharmacy benefits whether they are filled by mail service or at retail pharmacies.

With access to your prescription history, you can more easily:

- Track how much you've spent on your prescription medications
- Print documentation at tax time
- Bring a list of all your medications to your doctor's appointment or give to a nurse or caregiver

To access your prescription history:

- Sign in to Caremark.com
- Click "Financial Summary" from the "Prescriptions" drop down menu
- Specify a date range and family member
- Click "Download" or "Print" to save or print your prescription history

You can also access your prescription history with the CVS Caremark® mobile app - tap on "View Financial Summary."

Access your prescription history anywhere, anytime.
Visit [Caremark.com/PrescriptionHistory](https://www.caremark.com/PrescriptionHistory) or download the
CVS Caremark mobile app
